IN THE VALLEY OF THE SUN

PROGRAMS AND SCHEDULES

OUR MISSION

Is to serve the Christian Science branch churches and societies of metropolitan Phoenix as an agency for reaching out, through broadcasting to the general public, the healing message of the Christian Science textbook, *Science and Health with Key to the Scriptures* by Mary Baker Eddy.

ACTIVITIES

We achieve our mission through the support of activities. They range from offering the Weekly Bible Lesson by phone and computer to supporting weekly radio broadcasts of the *Sentinel* Radio program and *El Heraldo* en Español program on the air, Internet and phone.

The online Reading Room, found on **CSeNews**, gives you a quiet place for study of the Weekly Bible Lesson. Browse the site for weekly articles reprinted from the Bound Volumes of the Christian Science *Monitor*, *Sentinel* and *Journal*. Along with the weekly reprinted article are found a comprehensive list of Bible Study resources to enhance your spiritual research.

Sponsors and advertisers, who support our mission, enable these activities to continue to reach the receptive thought.

Please contact editor@csarizona.com if you would like more information on how to advertise in **CSeNews**.
