Sincere Seeker

OUR MISSION

Is to serve the Christian Science branch churches and societies of metropolitan Phoenix as an agency for reaching out, through broadcasting to the general public, the healing message of the Christian Science textbook, *Science and Health with Key to the Scriptures* by Mary Baker Eddy.

ACTIVITIES

Which help to achieve our mission, range from offering the Weekly Bible Lesson by phone, computer and television to supporting weekly radio broadcasts of the Sentinel Radio program and Herald Radio program.

One extraordinary activity is the publication of our online, newsletter CSeNews.

The online Reading Room, found on CSeNews.com, gives you a quiet place for study of the Weekly Bible Lesson. Browse the site for weekly articles reprinted from the Bound Volumes of the Sentinel and Journal. Along with the weekly reprinted article are found a comprehensive list of Bible Study resources to enhance your spiritual research.

Sponsors and advertisers, who support our mission, enable this activity to thrive. Please contact editor@csenews.com if you would like more information on how to advertise in CSeNews.com.

ONLINE

CSArizona.com, CSeNews.com, are web sites which help the seeker to understand Christian Science.

INFORMATION

On the Weekly Bible Lesson and Christian Science is provided on these web sites.
